

# Term 2

## Oak Class

### English

This term, we are reading *The Christmasaurus* by Tom Fletcher (picture-book version). We will be taking a sensory trip to a winter wonderland as we explore setting and character descriptions.

### Science

How does light travel? Why does our shadow never leave us? How do we hear?

These questions will be answered this term through practical experiments conducted in groups and in pairs.

### RE

Why do we celebrate special times? What is Diwali?

We will be exploring the Festival of Light and comparing to our own familiar celebrations, such as Christmas.

### PE

PE will be on Mondays and Tuesdays. We are lucky to have the amazing Neil from Marlborough Tennis Club back with us, as well as table cricket with the fabulous Josh.

### PSHE

This term, we will be thinking about who is important to us as well as celebrating our differences.

### Maths

We will be focusing on addition and subtraction this term, using concrete resources to embed our learning.

We will continue to develop our understanding of money on Mondays when we buy our ingredients at the supermarket, and on Fridays during our Breakfast Café.

### Art/DT

In our weekly cooking sessions, we alternate between a sweet and savoury dish. As we get closer to Christmas, we will be making festive dishes from around the globe.

Get ready for an abundance of glitter! We will be creating Winter Wonderland scenes as well as making Christmas cards and decorations.
